Don't know. Right now, keep as low of a profile as I can. Suzanne will be in the interview with rodney tomorrow, especially if Sherry tries to play tit for tat and be obnoxious to rodney. He tell SHERRY to stay out of the lab, then he invites her to Rodneys interview. Not sure if I am going to come in today. Let me know how Brandi is because she may be just seeing the light at PPM. And Maggie may follow Brandi

Sherry emailed Brandy that I said that Brandi was resigning because of her behavior tonight. I sent you a copy of Sherry's email. What the heck is wrong with her. I hate for Brandy to be put into this situation is because she happened to be standing at the wrong place at the wrong time.

Jennifer told me in front of sherry that DLS had asked her to get involved in the lab. When I talked with him a few minutes ago at Maplewood, he said that was a lie. You can imagine what I said to him when I saw him while ago, after dealing with Sherry and Jennifer.

Only csn imagine. But is DLS going to do anything about this

Who knows? Sherry and Jennifer took off....I think they may have gone to the beach together. Brandi texted me last night to pray for her today. I think it is go live day.

Ask her

Why don't you ask her?

The source doesn't really concern me.

I just went straight to the horses mouth to either confirm or refute.

And I'm okay with the answer.

I don't want to be a go between in these melodramas.

Ciao.

Sherry held the new keys over Lisa's head to give her certain information. Lisa text DLS and he said give her the info. Seems like Sherry is after PD. Lisa has been a nervous wreck. DLS will be back on March 11

No one should have to work under such even her. [REDACTED]
